

MyEduWebsite

The easiest way to build and manage a great-looking school website

EASY TO USE

MyEduWebsite combines over 25 specially designed school website templates with an intuitive drag and drop interface, making it one of the easiest and cost-effective ways to build a great school website. Our widgets mean that it's simple to add any type of content to your school website - images, text, video, downloads and much more are easy to add and manage.

WHO IS IT FOR?

MyEduWebsite is for anyone in education who wants a cost-effective website, but doesn't have the time or expertise to develop one. With an attractive design being key to success, we provide a range of engaging templates for all school types. No matter what look and feel you are after MyEduWebsite will have you creating your school website in just minutes.

SUPPORT AND SERVICES

MyEduWebsite is easy to use, but you still may want some help so we offer a service to help get your school website up and running. Additionally, we can create custom templates to match your existing school branding. Support is offered online through our community Q and A portal.

TRY IT FOR YOURSELF

Sign up for a fully functioning and no obligation 21-day free trial in under a minute. At www.myeduwebsite.com you will also find our "How-to" guides as well as further information about MyEduWebsite services.
